PROFESSIONAL SUMMARY

Full Stack Developer with 4+ years of experience building enterprise web applications using React.js, Node.js, PHP, and SQL/NoSQL databases. Skilled in REST API development, payment gateway integrations, ERP module development, and production support for multi-module platforms used by higher-education institutions.

SKILLS

- Frontend & Mobile:** React.js, Redux, JavaScript (ES6), HTML5, CSS3
- Backend & APIs:** Node.js, Express.js, PHP, Python, REST APIs, API Integration
- Databases:** MySQL, PostgreSQL, MongoDB, Database Design, Schema Modeling, Query Optimization, Data Processing
- Cloud & DevOps:** AWS S3, Cloud Storage, Deployment Support, Server Monitoring, Backup & Recovery, Linux Basics
- Tools & Platforms:** Git, Bitbucket, Apache, Postman, Visual Studio Code
- AI Development Tools:** Claude AI, GitHub Copilot, Anti-Gravity, Replit, Code X
- Architecture & Engineering:** Authentication, Role-Based Access Control (RBAC), Modular Architecture, Performance Optimization, Production Support, Root Cause Analysis

WORK EXPERIENCE

Edumerge Solutions Aug 2024 – Present

Full Stack Web Developer

- Built and maintained React.js-based frontend applications for multiple ERP modules with focus on scalability and performance.
- Designed backend services and REST APIs using PHP, Node.js, and MySQL for high-volume ERP data operations.
- Developed **Student Leave Application module** — leave request flow, warden approval workflow, gate pass generation, and role-based dashboards for Students, Wardens, and Security Staff.
- Built **automated fee receipt design and printable form generation** for student fee transactions.
- Integrated **multiple payment gateways (Easebuzz, PayU)** with settlement tracking and multi-account split API coordination.
- Worked with AWS S3 for file storage, document uploads, and report management.

Pinmi Software Solutions Apr 2022 – Aug 2024

Junior Software Engineer

- Developed frontend and backend features using React, Redux Toolkit, Express.js, and Node.js.
- Managed database operations and API integrations using MySQL, MariaDB, and MongoDB.
- Delivered high-quality code while meeting project deadlines and ensuring code security.
- Built and hosted **Best Water Finder** — a web application using HTML, CSS, JavaScript, PHP, and MySQL, deployed on GoDaddy.

INTERNSHIP

AlmaBetter 275 Days

Full Stack Web Development

- Completed intensive training in Full Stack Development, Front-End, Back-End, AWS, and Algorithms.

EDUCATION

Rani Channamma University, Belgaum 2020

BCA – Bachelor of Computer Applications
